Tear drops and anger and everything you left behind,  
Are waiting for you and your choking on nothing and  
everything you couldn't hide,  
Say goodbye, say anything your heart desires,  
Cause I know, and you know your choking  
Tomorrow's a new day,  
Never be afraid to do the things you have to,  
Tomorrow run away,  
If it's the only way for you to save yourself...  
Then save yourself  
Starlight and sunshine and everything you thought you  
were,  
Inside is a lie, your choking on nothing and everything  
you couldn't hide,  
Say goodbye, say anything your heart desires,  
Cause I know, and you know your choking again  
Tomorrow's a new day,  
Never be afraid to do the things you have to,  
Tomorrow run away,  
If it's the only way for you to save yourself...  
Then save yourself  
I won't be there if your running,  
I won't be there if your coming back  
Tomorrow's a new day,  
Never be afraid to do the things you have to,  
Tomorrow run away,  
If it's the only way for you to save yourself...  
Then save yourself  
Tomorrow's a new day,  
Never be afraid to do the things you have to,  
Tomorrow run away,  
If it's the only way for you to save yourself...  
Then save yourself
