Today's the day to Set the record straight  
But there's a price you have to pay  
Now you found out  
What you really need  
You don't know if you can stay  
Don't want do it again  
Don't want to listen to your friends  
Don't want to do it again  
No one really gives a damn  
Now you know how the story goes

It's just a game but no one knows  
Now you know how the story goes  
You're always thinking of the way it used to be  
Today's the day to  
Give it back to them  
But you don't want to play their games  
Now you're jaded/As the days go by  
You don't know if you can stay
