I wish that you were right, cause everything is wrong,
I think it's time for me to go,
Why's this road so long, and why am I still here?
I guess it's something I will never know
I wish that you were here, now I'm all alone,
I think it's time to take a stand,
Outside looking in, words up in the air,
And maybe one day you will understand
You know that I know,
You'll be coming back one day,
Right now you're gone,
You said that you'd stay,
That you'd never go away, away
I wish that you were here, now I'm all alone,
I think it's time to take a stand,
Outside looking in, words up in the air,
And maybe one day you will understand
You know that I know,
You'll be coming back one day,
Right now you're gone,
You said that you'd stay,
That you'd never go away, away, away
When you said goodbye,
You looked into my eyes and you said...
Things will never be the same, never be the same
You know that I know,
You'll be coming back one day,
Right now you're gone,
You said that you'd stay,
That you'd never go away, away
You know that I know,
You'll be coming back one day,
Right now you're gone,
You said that you'd stay,
That you'd never go away, away
