I Look up to the sky the stars are shining so bright,  
I wonder where you are tonight.  
I don't know where I am but in the end it's all the same,  
I cannot play these games you wanna play  
Everything you dream of that never came true,  
I could never give,  
I could never give it all to you  
Don't even know what to say,  
Tongue tied once again,  
I'm choking on the things I never said,  
Everything is gonna change,  
Nothing will be the same,  
Choking on the things I never said  
I look into your eyes, it used to feel so right,  
But those feelings fade in time,  
I don't know what it means if everything is what it  
seems,  
Between you and me  
And everything you dream of that never came true,  
I could never give,  
I could never give it all to you  
Don't even know what to say,  
Tongue tied once again,  
Choking on the things I never said,  
Everything is gonna change,  
Nothing will be the same,  
Choking on the things I never said  
And everything you dream of that never came true,  
I could never give,  
I could never give it all to you  
Don't even know what to say,  
Tongue tied once again yeah,  
Choking on the things I never said,  
Everything is gonna change,  
Nothing will be the same,  
Choking on the things I never said  
I don't even know what to say,  
Choking on the things I never said,  
I don't even know what to say, yeah
