Woke up this morning on the wrong side of the bed
Some days you wake up and you wish that you were
dead
You never knew that I loved you and you never will
You never knew that I loved you
Wish upon a star I wonder where you are
The days go by and I still feel the same
Wish upon a star I wonder where you are
The years go by and I'm the one to blame
Drove by your house again today thinking of the past

You said it's funny how our lives go by so fast
You never knew that I loved you and you never will
You never knew that I loved you
Wish upon a star I wonder where you are
The days go by and I still feel the same
Wish upon a star I wonder where you are
The years go by and I'm the one to blame
