Iâ€™ll do anything
Iâ€™ll do anything for you
Compromise myself in victims solitude
Being flexible was supposed to prove that I love you

You take advantage every chance you get
You break my heart at every chance you get
You let me know that every chance you get
You will protect me
But youâ€™re lying

Chorus x 2
Cause, youâ€™re using my love
Youâ€™re using my love as a weapon
Youâ€™re using my love
Youâ€™re using my love as a weapon towards me

Youâ€™re using my love

Iâ€™ll do anything
Iâ€™ll do anything for you
Compromise myself in victims solitude
Being flexible was supposed to prove that I love you

You take advantage at every chance you get
You break my heart at every chance you get
You let me know that every chance you get
You will protect me
But youâ€™re lying

Chorus x 2
Cause, youâ€™re using my love
Youâ€™re using my love as a weapon
Youâ€™re using my love
Youâ€™re using my love as a weapon towards me
