You are so lovely

Nectar that pools
In eyes of a geisha
Kabuki mask you wear
Collision of blue
And the bloom of acacias
Acacia aurora
You give birth to the sun
The quintessential perfection of cool are you
Expert in beautiful
The street where I'm walking becomes so deserted
When you just pass me by
Without a backward glance

Lovely
Savant of life
I'm happy when I see you
This little song is simply to say
And say
You are so lovely
Beyond compare
Vision of loveliness
Wave of an ocean of love
That crashed over me

Strong and alluring
Your teeth and your swaying hips
Full breasts and ruddy lips
Strong and alluring
Music and words of love
All of the music that
I'll ever listen to
In Abaete's
Sand dunes and starlight
My ear will never hold as dear
As just a glimpse of you
Stellar siren
Twinkling star motherload
Your song is my command

You are so lovely

Savant of life
I'm happy when I see you
This little song is simply to say
And say
You are so lovely
Beyond compare
Vision of loveliness
Wave of an ocean of love
That crashed over me

I like to behold
Your rhythmic advance
Queen of the carnival
I like to be
Entranced by your mystery
To enter your sanctuary
Will never do harm to me

Lovely
Beyond compare
Vision of loveliness
Wave of an ocean of love
That crashed over me
You are so lovely
Savant of life
I'm happy when I see you
This little song is simply to say
And say
