what's love got to do here  
tell me is not my time  
every kiss she gives  
she is more than a dime  
visionary .. solitary come find me  
looking for your love probably never can find it  
they say when our hearts breaks they don't break  
evenly  
.. keep bleeding can't stop the fight the power  
can't stop the feeling beauty of the goddess shake  
like a ..  
devil wears prada what the hell was i thinking  
you were always there what the hell was i ..  
you treated me like a king who the hell was i steven ..

never even .. you will never get even  
should've .. your work but i couldn't find a  
reason  
got to stay even fights through cleveland  
and as soon as i am think i am over you  
i found myself wanting two over two

you are the one i should be there  
you are the one i should be there  
i know that now  
you are the one i should be there  
told me how i am supposed to leave  
i am going down

i got a .. girl that ain't you girl  
why do you got to act like that  
that ain't you girl  
no that's not the time used to central paid  
you said that you wished we could stay this way forever  
we were together i could have been better  
we should have been better you are just like forever  
i am just like forget it still i can't forget you  
hoping i don't sound too soft girl i miss you  
so baby what is the issue girl you are the one  
i swear you are the one  
what is the sky without a sun  
i came without the dawn like a .. without the drum

.. certain things you got to fight for  
i am not suicidal but there are certain things i would die  
for  
that mean i would die for you

chorus  
you are the one i should be there  
you are the one i should be there  
i know that now  
you are the one i should be there  
told me how i am supposed to leave  
i am going down

i hope you pick up the phone  
cause i am going crazy  
i donâ€™t think i could take  
boy i boy you are missing me more  
but my heart has been taking  
i canâ€™t blame you cause i give it away  
with i could go back  
wish i could say what i have to say  
it hurts cause i canâ€™t get you back  
it hurts me cause i know

chorus  
you are the one i should be with  
you are the one i should be with  
i know that now  
you are the one i should be with  
told me how i am supposed to leave  
i am going down  
you are the one
