The day is the day
You better know know know
that I have conditions
I make the rules
and make the decisions
and I(3x) want nothing less than
what I deserve

So you better run run run
before I decide that
you are mine two stars will collide
You better run run run
nowhere to run
but to me

You better know know know
that I have conditions
I make the rules
and make the decisions
and I(3x) want nothing less than
what I deserve

So you better run run run
before I decide that
you are mine two stars will collide
You better run run run
nowhere to run
but to me
