(Intro Notch)

See your face im watchin you for,  
And its so much to explore  
Porque tu sabes tu eres mi amor

(verse 1)

I don't remember how it started  
This infatuation for you  
I see you everywhere. I know you see me stare  
My heart is stuck on you  
Boy, you really light my fire, and I don't know what to  
do  
You got me in a daze. I wish you'd notice me  
I've got to make my move

(chorus 1)

You've been with me in my dreams  
Ive got to make it reality  
Emotions flowing through my body  
Let's make this move. Cant you see thatâ€¦!

(Notch's verse)

And even if I never was so shy  
Den me proolly neva woulda been so blind  
Would decide to walk and read between the lines  
Motions overflowin from those dreamy eyes. No lie..  
So if u want to do a much, I feel for u just the same  
So many nights. Me when I sleep, I feel you run through  
my veins  
And in the morning time, I wish that we could meet face  
to face  
Il make your dreams become reality before its too late

(chorus 2)

You've been with me in my dreams.  
Ive got to make it reality  
Emotions flowing through my body  
Lets make this move. Cant you see thatâ€¦!

The feed for your romance, and if you give this love a  
chance,  
Baby one day you'll see your love is made for me.  
The feed for your romance, and if you give this love a  
chance,  
Baby one day you'll see your love is made for me.
