Rosa, Rosalinda,linda (2x)

Verse 1

I picked my first rose in kinder garden, and Daisy,  
Jasmine, Lily & Carmen  
But out of all of them, i had fallen in love with a  
Rosalinda  
For those who don't know thats a pretty rose  
That you hold in your hand for the world to know  
From the pricks to the thorn to the body ooohh  
Yo she is my Rosalinda

When everybody was going crazy over Daisy and Lily  
I had my eyes on Rosalinda  
And she had her eyes on me  
And ever since she rose from the ground, she made  
my heart pound  
Now everyone around knows she's my Rosalinda, my  
linda(3x)

Chorus

Rosalinda we're leaving tomorrow  
Rosalinda don't tell palo  
Rosalinda, te juro que te amo  
Rosalinda, she's my Rosalinda  
I loved her from the start  
I said i loved her from the start (she's my Rosalinda)  
Don't tell palo...that we're leaving, that we're leaving,  
that we're leaving tomorrow

Verse 2

Now when i was a teenage in junior high  
When we used to skip school and the girls were shy  
I used to wait for her til she came outside  
So i can see my Rosalinda  
She was always by my side, hand-in-hand just like my  
bride  
And since then I realized that one day Rosalinda be  
mine

And when everybody was into parties  
And were hangin in the streets  
I had my eyes on Rosalinda, and she had her eyes on  
me  
And ever since she rose from the ground, she made  
my heart pound  
Now everyone around knows she's my Rosalinda, my  
linda (3x)

Repeat Chorus

She's my Rosalinda (my heart)  
I loved her from the start (you don't have to tell palo)  
She's my Rosalinda (just jump inside my carro)  
cuz we leavin, cuz we leavin, we leaving  
tomorroooowww

I always thought of my Linda, ever since i left and in  
years I havent seen her  
and when i came back to see her my Rosalinda said  
your my day-dreamer  
y me dice que tiene miedo, never been in love my este  
llesto  
dice que el amor habeses ciego, pero yo me la  
llevo...ooooowoowoo

Rosalinda, WE LEAVIN TOMORROW, ooh Rosa, DON'T  
TELL PALO  
oh Rosa we leavin tomorrow

2x  
way back when, she was my darlin  
way back when, with Rose in my garden, way back  
when  
i knew i had fallen (3x) for an angel
