[VERSE 1]

You're only good when your gone
It feels so right but I know its so wrong
What can I say to you girl
To make you understand
When you come back around me
It feels like I don't even know your name
You make me wanna run and hide
Make me wanna change this lie
That I love you

[CHORUS]

You're only good when your gone
Ohh I hate you
I hate every thought of you in my head
And when your not around
I don't hear a sound
Cause this night is new here without you
I'm gonna live it up and be through
Cause you're only good when your gone

[VERSE 2]

When I thought forever
I saw you
Now all I see is what's true
The day you left
The day you didn't call
Were the happiest days of them all
Tell me I'm not right
Tell me your not wrong
Tell me everyone warned me all along

[CHORUS]

You're only good when your gone
Ohh I hate you
I hate every thought of you in my head
And when your not around
I don't hear a sound

Cause this night is new here without you
I'm gonna live it up and be through
Cause you're only good when your gone

(Musical Break- 4 bars)

[BRIDGE]

It feels so right
But it's wrong
You gave me the words to this song
You're the only thing
That I will never need
ya yaaaaa

[CHORUS]

You're only good when your gone
Ohh I hate you
I hate every thought of you in my head
And when your not around
I don't hear a sound
Cause this night is new here without you
I'm gonna live it up and be through
Cause you're only good when your gone
