

Chance of Rain "A Goodbye Song"

Visit "[A Goodbye Song](#)" on MotoLyrics.com

Fare thee well, my friend. I say goodbye.
Goodbye.
I still love you; I always will.
I can't give you what I want to.
I can't give you all my love.
And as I stand here before you,
I crumble. I crumble and cry.
Goodbye.
Hold on now, you're moving too fast.
Hang on now, make this last.
I know this isn't what it seems, if it seems anything.
I want to be with you, but it eats me.
It eats me inside.
Goodbye
Maybe there's a chance.
Save me now a chance.
May I crumble, may I fall, but someday
We will dance, etc
