Is life wasted on people,  
are people worth it?  
To send your heart down the river,  
are people worth it?  
Is life wasted on people,  
is life wasted on stuff?  
A new car, a new job, a new girlfriend  
Dâ€™™ you think theyâ€™™ re worth it?

Take a ride on the social scale  
Throw your dreams down the wishinâ€™™ well

Is it worth it?

Is life wasted on others worth livinâ€™™ for?  
To gamble away your emotions start over again  
With a new skin, a new shrink, a new sedative, a new  
set of ideals  
Happy face, high hopes, just hoax  
Same life from a different perspective

Take a ride on the social scale  
Throw your dreams down the wishinâ€™™ well

Ainâ€™™ t worth itâ€™! worth itâ€™!  
I want more, gimme more, gimme more  
Cause Iâ€™™ m worth it!  
Yes Iâ€™™ m worth it!

Take a ride on the social scale  
Throw your dreams down the wishinâ€™™ â€™!  
Throw your dreams down the wishinâ€™™ â€™!  
Throw your dreams down the wishinâ€™™ well

Is it worth it?
