Each time you try to go and fake all things that love can
easily break

Put on your game face you're ready to go

Soul searcher heavyweight you're on, try to revive
what's already gone,

Your universe that's ready to blow

Love with someone else could never be the same

Love with no one else could be the game

Kinky, fetish, S&M, uniforms and lots of glam, hot core
party, porno scam

Ignition! Submission! Boost your ego up to 10!

Great lovers always hit the dirt, you're marked get
ready you will hurt,

Your universe is ready to blow

Love junky heavyweight you're on, intentions
always turn out wrong,

Kind lover beware of the world

Love with someone else could never be the same

Love with no one else could be the game

Kinky, fetish, S&M, uniforms and lots of glam, hot core
party, porno scam

Ignition! Submission! Boost your ego up to 10!
