I don't like the gossip but the gossip likes me  
As long as we can both agree to disagree  
And you should never choke the lady with the easiest  
smile  
I'll line you up, put you out, shoot you down in single  
file  
Bite your tongue  
Save yourself  
Just keep on walkin'  
I'm watchin' you  
I got your number  
I know your talkin'  
Bite your tongue

Forget you know my name and I'll forget you exist  
Backstabbing's so easy, it's so hard to resist  
You don't even to get into this war of words  
I've got my fire, it's hot enough, you'll just get burned  
Ooh (Watch your back, watch your back)  
I'm talking 'bout you (Guess who's back, guess who's  
back)  
And I know you (Watch your back, watch your back)  
Talking 'bout me too (Guess who's back, guess who's  
back)  
Bite your tongue  
Save yourself  
Just keep on walkin'  
I'm watchin' you  
I got your number  
I know your talkin'  
Bite your tongue  
Another lesson learned  
Another friendship burned  
And now the tables turned  
(Keep on talkin')  
Another lesson learned  
Another friendship burned  
And now the tables turned  
Keep on talkin'  
Another lesson learned  
Another friendship burned  
And now the tables turned

(Keep on talkin')  
Another lesson learned  
Another friendship burned  
And now the tables turned  
Keep on talkin'

(instrumental)

Bite your tongue (Bite your tongue)  
Save yourself (Save yourself)

I know your talkin'

Bite your tongue  
Bite your tongue  
Bite your tongue  
Bite your tongue
