keep on keeping up
keep on keeping up
keep on keeping up
keep on keeping up
This is for my ladies with the T & A
let's put our hands together for our DNA
lot of bounce & lot of bubble
when you strut your stuff
so keep on keeping up
if you're a fat bottomed girl with something to show
better find a man to love you from head to toe.
you're too hot to handle & great to touch
(so keep on keeping up)
Now you're gonna shake what your momma gave
ya
i just wanna thank how your momma made ya.
Hey ladies listen up!
Let's show these fellas what we got!
get on your feet & make some noise
cuz real girls get the boys!
Back it up! Grind away!
Put that sweet thang on display!
on your feet, let's hear your voice!
cuz real girls get the boys!
you want Tijuana brass and a big fat ass
and tig ol' bitties with an hour glass
get down your knees and start to pray
cuz real damn women are here to stay
some like em skinny so i've been told
it's only cuz they haven't had something to
hold.
too much of a body is never enough
so keep on keeping up
a real girl jiggles when she walks away
didn't pay money to be made that way
to all the fine women who are hungry for love
keep on keeping up
Now you're gonna shake what your momma gave
ya
i just wanna thank how your momma made ya.
