From the time he could stand,
He was thrown in the flames of combat.

Never to retreat, never to surrender,
To die in battle in service to Sparta,
Is the greatest glory he could achieve in his life,
He was plunged into a world of violence,
To create the world's finest soldiers,
Ever!

A Soldier I stand,
Living the war,
On this ragged patch of land,
With the sound of swords,
Creeping the barbarian's souls,
Sacrificing warriors,
Killing,
Immortals

[Chorus x2]
Written glory
Written victories
Remembered across the centuries
Brave free souls

By the first step
I felt their hate, marching slowly
Towards my land's gate
But in patience I hold
Waiting for the sign
To fight, to kill, to bleed these souls

[Chorus x2]

Regarding the point of life
Judging the point of death
They sheer terror gripping tight
Facing obliteration

Father and sons were lost
Lives have been taken away

Warriors who've been born,
To fight, to kill, to die!

Give Them Nothing
But Take From Them...
EVERYTHING

[Chorus]

Remember us
Remember why we died
Remember us
Remember
Remember...
