English translation

The force of gravity is crumbling! My biorhythm is skyrocketing!

The science of delusions! Even Noah II[1] is upgrading to version III!

Be it two-dimensional or three, an angel or a devil, with a real-life[2] booting, they all can become G O D.Megalomaniacs[3], fly out of Earth.

Gigalomaniacs[4], fly out of the universe.

Teralomaniacs[5], on the other hand, love their own homes.

Everything will turn into chaos.

The Tokyo Tower is delusional. The Tokyo Sky Tree is delusional.

Send Shibuya's delusion frequencies on a scrambling[6].

Real Boot[7]!The azure sky is too bright.

I'll become a hero by locking myself in my room[8].

What a predictable gal game[9]-like development... But I must decline[10]!

Where are the flags/tags[11], honey honey?

Where are the flags/tags, honey honey?

No doubt, I suppose it's up to you what to do about the flags/tags.The tension of the errors[12] is collapsing!

Be a big hit, Gero-Frog[13]!

Awaken from the delusions! Even the Third Melt[14] is being upgraded!

Be it two-dimensional or three, the sky or the land, they will become tsunamis in the Dirac sea[15].

Megalomaniacs, let's return to Earth.

Gigalomaniacs, let's return to the universe.

Teralomaniacs, on the other hand, will clean their homes.

Everything will turn into chaos.

The VHF[16] are delusional. The UHF[17] are delusional.

Quickly prepare antennas for the DTTV's[18] delusions.

Real Boot!No swords! Long weapons are prohibited!

Now make a leap and log into your online games.

It'll be a scenario where dream lines[19] are taboos...

But I must decline!

Where are the flags/tags, honey honey?

Where are the flags/tags, honey honey?

No doubt, I suppose it's up to you what to do about the flags/tags.The azure sky is too bright.

I'll become a hero by locking myself in my room.

What a predictable gal game-like development... But I

must decline!

Where are the flags/tags, honey honey?

Where are the flags/tags, honey honey?

No doubt, I suppose it's up to you what to do about the flags/tags.
