Hell!!!

[Verse I]

Suffering pain, burning fire,
Walking tall, undesired,
Lost control, actus reus,
Rising sins.

[Bridge]

Sticking with the evil on the right,
Through the hell road day and night,
Living Satan killing souls,
Dying will

[Chorus]

Walking down the hell road
Kill! Hate! Suffer pain!
Growing chaos, growing death,
Flaming passions,
Living hell!

[Verse II]

Dragging angels, falling trust,
Killing honesty in cold blood,
Further deep, further down
The hell road.

[Bridge]

[Chorus]

[Guitar Solo]

[Chorus]

[Instrumental outro]
