Dreaming into the sunlight
Bluebirds fly
Wanting also to unwind
And forget, finally

I know now that silence speaks
To walk away would be so sweet
Let me love again, please

My body grows, but my heart lays
The weight, it's trying
While leaves drop every autumn day
They go down spiraling

But they don't put up a fight
Once out of sight, they're out of mind
So why can't I?

Walking back from work one night
I saw a man who looked like you
With different colored eyes
Suddenly couldn't decide
No, I want to walk away from your smile
And feel okay after a while
After a while
After a while
