Human
Worshipped a deity
A false god i praised
He had two legs to walk
And a smile on his face

He seemed infallible
I thought someone this great
Surely must be from above
Not from this place "â€"
And what a gorgeous view for me
I would follow you to anywhere you traveled
With a rose in my teeth
Thought you were a god in skin

But you're only human
Human
You said it all
Human
Human
By saying nothing at all

Well, time saw us take the fall
But you stayed in one piece
'Cuz if you bleed after all
It ain't over me

Baby, you let me down
And just my blinded eyes are to blame
'Cuz who could love, still, without the power of sight
Across the sea that holds us in place?

So get out of my mind
And get out of my heart
It's only midnight here in Arizona
But the sun's come up where you are
I don't blame you for wandering...

'Cuz you're only human
Human
You said it all

Human
Human
By saying nothing at all
Human
Human
I thought you were so much more.
