It's like a needle  
A kind of evil  
If you're the devil  
It's very simple  
You never needed anyone  
You never needed anything  
The pinnacle of ignorance  
epitome of these events  
Yeah your faithless  
And kind of useless  
But that's a pointless  
Because I'm faithless

Hide away inside the dark place in my mind  
Fear of God and will take me home to fire  
Hide inside the dark place in my mind  
Fear of God and will he take me home?

If you're a monster  
With plans of murder  
You'll find your conflict  
Hangs from your shoulder  
If you feel it going limp  
Find your God and hold your grip  
If it starts to burn your hands  
Ignore the pain stick to your plan  
You feel guilty  
And still your empty  
You define arrogance  
Discontent and emptiness

Hide away inside the dark place in my mind  
Fear of God and will take me home to fire  
Hide away inside the dark place in my mind  
Fear of God and will he take me home?

I am the fire at your funeral  
I am the bloody Marxist general  
I am the lonely rapist priest  
And the autocratic president  
And the judge and inquisitor  
I am the corporate funded senator

I am the distinctive shit of hate  
I am American  
I am the atom splitting scientist  
And the gun holding lunatic  
I'm the flag that contradicts  
I am the way  
I am american

Hide away inside the dark place in my mind  
Fear of God and will take me home to fire  
Hide away inside the dark place in my mind  
Fear of God and will he take me home?
