

## Nothingface "Villains"

Visit "[Villains](#)" on MotoLyrics.com

i can't see  
the point in feeding that so what can  
i say  
fucking saving grace  
but still i cannot see it  
why  
in this instance it's the bullshit  
can't you see  
believe  
i cannot be the one who sees

realize that there's no savior  
rue the words  
scar the peace  
and then you'll reap the hatred  
feel betrayed  
and create the sorrow

god help me  
sounds so weak  
jesus cries, helpless on tv  
but still he does not go away  
get the fuck away  
now your feelings changed  
but still you cannot stop  
just give me me pain  
my own shit  
and you don't know it

realize that there's no savior  
rue the words  
scar the peace  
and then you'll reap the hatred  
feel betrayed  
and create the sorrow

silence, you stupid pig...

rape all the words you say  
your so lifeless  
to the ones that love you  
how can you not regret

and stay happy  
with the lies you told  
why can't you face my world  
your so putrid  
and the stink stays with you  
now i'm coming  
i said it's over

the end  
it's coming  
grab your face  
and rub it in my shit  
so face it  
and fix it  
cause bitch, you got all day  
you got all day  
sick of all the shit

now that you've faced your faults  
i still doubt you  
for the words you've chosen  
spit in the face of god  
rub it in good  
and just see what happens  
craving  
and sneering  
they're laughing  
all at you  
now take this  
this hand out  
you're weak  
you're shit
