Bled out the last of me  
Right from the start  
You said you never knew  
So you just tore it apart  
My wrists still seem to bleed  
I can't get it stop  
Can't keep the stitches clean  
Infected straight thru the heart

It seems so far away  
When it's right in my face

Come walk the dead away  
Embrace all that is poison  
Come walk the dead away  
Walk on bodies

My dying eyes can see  
Our God's left us to rot  
His blood defined regime  
Gave birth to all this disease  
We call humanity  
We thrive in hate and decay  
We're slaves in God's army  
Infected straight thru the heart

It seems so far away  
When it's right in my face

Come walk the dead away  
Embrace all that is poison  
Come walk the dead away  
Walk on bodies

It's sugar, spice and Genocide  
Yeah!

I saw hell in your eyes  
God screamed with Hate  
Said: "Let them bleed out"

Come walk the dead away

Embrace all that is poison  
Come walk the dead away  
Walk on bodies

Come walk the dead away  
Embrace all that is poison  
Come walk the dead away  
Walk on bodies

Come walk the dead away  
Come walk the dead away  
Come walk the dead away  
Walk on bodies
