"Walking On Bodies"

Bled out the last of me
Right from the start
You said you never knew
So you just tore it apart
My wrists still seem to bleed
I can't get it stop
Can't keep the stitches clean
Infected straight thru the heart

It seems so far away
When it's right in my face

Come walk the dead away
Embrace all that is poison
Come walk the dead away
Walk on bodies

My dying eyes can see
Our God's left us to rot
His blood defined regime
Gave birth to all this disease
We call humanity
We thrive in hate and decay
We're slaves in God's army
Infected straight thru the heart

It seems so far away
When it's right in my face

Come walk the dead away
Embrace all that is poison
Come walk the dead away
Walk on bodies

It's sugar, spice and Genocide
Yeah!

I saw hell in your eyes
God screamed with Hate
Said: "Let them bleed out"

Come walk the dead away
Embrace all that is poison
Come walk the dead away
Walk on bodies

Come walk the dead away
Embrace all that is poison
Come walk the dead away
Walk on bodies

Come walk the dead away
Come walk the dead away
Come walk the dead away
Walk on bodies
