

## Charlie Straight "Nothing"

Visit "[Nothing](#)" on MotoLyrics.com

Don't ever say these words again  
Don't think I'd like to hear the same old song again  
Now and then, I'll tell you when to break my heart

Don't ever wear that skirt again  
Don't think I'd like to take off the same old shirt  
Again  
Now and then, I'll tell you when to play your part

All the risks I'm taking shaking in your bed  
The promises I'm making, but soon we will forget  
All the days of sorrow I know I won't regret  
I'll think about tomorrow  
Remember what you said

That we  
We'll never be apart, oh no  
I'd loved  
Loved you from the start, oh yeah  
I'd never  
I'd never want to leave you, girl  
But you

You did leave me alone

Don't ever say my name again  
Don't ever think that it could be the same again  
Now and then, it won't let you turn back time

Don't ever hold my hand again  
Don't ever think I can't tell you pretend again  
Now and then  
Darling, you have crossed the line

All the risks I'm taking shaking in your bed  
The promises I'm making, but soon we will forget  
All the days of sorrow I know I won't regret  
I'll think about tomorrow  
Remember what you said

That we  
We'll never be apart, oh no

I'd loved  
Loved you from the start  
I'd never  
I'd never want to leave you, girl  
But you

You did leave me alone
