Dancing  
In the darkness  
Think you like luck  
Keep the silence

Crystals  
On the skyline  
Cut the midnight  
Ultra violet

You're the one who can make me stay  
You're the only one who makes me feel this way  
You're the one who's been stealing stars  
You're golden arrow went through my heart  
You're the one who can turn the page  
You're the one who came along and unlocked the cage  
Now I'm  
Dancing in the dark

Flying  
Through the black night  
You're the angel  
In the moonlight

Running  
Through the thunder  
Undercover  
Silver lover

You're the one who can make me stay  
You're the only one who makes me feel this way  
You're the one who's been stealing stars  
You're golden arrow went through my heart  
You're the one who can turn the page  
You're the one who came along and unlocked the cage  
Now I'm  
Dancing in the dark

You're the one who can make me stay  
You're the only one who makes me feel this way  
You're the one who's been stealing stars  
You're golden arrow went through my heart

You're the one who can turn the page  
You're the one who came along and unlocked the cage  
Now I'm  
Dancing in the dark

You're the one who can make me stay  
You're the only one who makes me feel this way  
You're the one who's been stealing stars  
You're golden arrow went through my heart  
You're the one who can turn the page  
You're the one who came along and unlocked the cage  
Now I'm  
Dancing in the dark

Yeah I'm dancing in the darkness  
Three years before you I was feeling so heartless  
But you're bright shined through  
Now I'm drinking love potion when I lay next to you

It's a criminal feeling  
Happiness cries when the tears are dreaming  
My body is screaming  
I'm staying right here no I'll never be leaving
