Tonight I face defeat
The only habit
I still cant seem to beat
And how it warms me to my bones
Even though I know
I gotta let it go

Don't it feel like home
Like mornings in the sun honey
When I'd hold you in my arms
And keep you safe from harm

Cause one day we'll be gone
Could be the last day
We ever hear our song
So before the setting sun
I wanna give you
A better memory of me

Now I feel it in my skin
And everything that lies within
Right down to my bones
Even though I know
I gotta let it go

Don't it feel like home
Like mornings in the sun
When I'd hold you in my arms
And keep you safe from harm

Cause some day we'll be gone
Could be the last time
We ever hear our song
So before the setting sun
I wanna give you
A better memory of me

Cause I know what I am
So if it is goes master plan
Then when it's time to understand
I'll understand

Don't it feel like home
Like mornings in the sun
When I'd hold you in my arms
And keep you safe from harm

Don't it feel like home
Like mornings in the sun

Cause one day we'll be gone
Could be the last day
We ever hear our song
So before the setting sun
I wanna give you
A better memory
I wanna give you

A better memory of me
