Well I met an Angel
Let me tell you what her name was
It was "Love"

Ever since that day
I've been living in the Limelight
Shines down from above

But I aint no stranger
To being down in the dumps, yall
Been there before
I'll be there once more

But we can make it better
Just remember what Paul said
You have found her
Now go and get her

Got to get some love
Just to give some love
Got to get some love
Just to turn around and give it all away

I'm at an age where
I wanna know what I got before
Before it's gone

Before it's long gone

Got to get some love
Just to give some love
Got to get some love
Just to turn around and give it all away

It's not enough just to give your love
It's not enough just to take your love
But a little give and take
Goes a real long way

Get some love
You know what to do
Give me your love

Get some love
Turn around
Give me your love
