I don't love you anymore
I don't love you anymore

You left me sad and poor
Sad sad sad and poor
The more I think about you baby
Don't know what I ever loved you for

Get out my life baby
Come back when you can
Love me true

Get out my life baby
Come back when you can
Love me do

Get out my life baby
Come back when you can
Love me true

The more I think about you baby
I don't really care what you do

Pop quiz
Did you ever really love me girl?
Why don't you tell me the truth

If you ever really loved me girl
How come it always felt
Like you were pullin' my tooth?

You believe in rainbows
And butterflies
But you don't believe
In the pain behind my eyes

I don't love you anymore
I don't love you anymore

I really do love you

You left me sad and poor

Sad sad sad and poor
The more I think about you baby
I don't know what I ever
Loved you for
