Riding on the side of the moon  
Gotta find somewhere new soon  
Dealing with the cold until June  
Riding on the side of the moon

Riding on the side of the moon  
Stardust silver and blue  
Universe in plain view  
Riding on the side of the moon

Come with me child  
To a new life  
Spread your wings girl  
On a Moonride

Riding on the side of the moon  
Gotta find somewhere new soon  
Say that you will come too  
Riding on the side of the moon

Come with me child  
To a new life  
Spread your wings girl  
On a Moonride

Give me thrust  
Just enough my love

To shoot me up to the stars above

I don't ask for much  
All I need is 'just' enough'

Oh a Moonride would be so nice

Shoot me up into paradise

To the moon and up above  
Just give me your hand  
Just give me your love

Come with me child

To a new life  
Spread your wings girl  
On a Moonride

Say you will child  
Be my wings child  
Save my life child  
On a Moonride
