Lately I've been trading a good sermon and some
prayin'
For a stranger in my bed and a night that needs
explainin'
I've opened more bottles than I ever have my bible
This dirt road communion sure won't lead me to revival
Between the black label and the letters in red
I've felt what livin' is and what it's like to live dead

I've taken a ride in the devil's Cadillac
I've been so high thought I wasn't comin' back
And just when I think I'm too far-gone
A ringing in my head's the 23rd psalm
I've seen the light, I've seen the darkness
Only God knows where my heart is
I've got my strength, and Lord knows I've got my
weakness
Oh, I'm lost somewhere between Jack Daniel's and
Jesus

It's my fault that I ain't called my momma in a month on
Sundays
She'd smell the whiskey through that phone
I can't stand to hear her heart break
Next week I see my brother Casey for the first time
Since it all went down and I blacked his eye the night
after our daddy died

I've taken a ride in the devil's Cadillac
I've been so high thought I wasn't comin' back
And just when I think I'm too far-gone
A ringing in my head's the 23rd psalm
I've seen the light, I've seen the darkness
Only God knows where my heart is
I've got my strength, and Lord knows I've got my
weakness
Oh, I'm lost somewhere between Jack Daniel's and
Jesus

I ain't afraid to admit I've hit rock bottom
If you wanna see a lifetime full of sins

Just look at me, I've got 'em

I've taken a ride in the devil's Cadillac
I've been so high thought I wasn't comin' back
And just when I think I'm too far-gone
A ringing in my head's the 23rd psalm
I've seen the light, I've seen the darkness
Only God knows where my heart is
I've got my strength, and Lord knows I've got my
weakness
Oh, I'm lost somewhere between Jack Daniel's and
Jesus
