She used to call me baby  
I thought she was such a lady  
But my how things have changed  
Since times moved on

I give her my last dollar  
And now all she'll do is holler  
Oh, my life has become  
A country song

I've learned she can resist me  
By the way she always disses me  
And comes to bed at night  
With that cold cream on

Sometimes I might feel frisky  
But these days it's just too risky

It's hard to kiss the lips at night that chew your ass out  
all day long  
All day long, it goes on and on

If a tree fell in the forest  
She didn't hear it, would I still be wrong?  
I guess I should admit it  
She ain't ever gonna quit it

It's hard to kiss the lips at night that chew your ass out  
all day long

Man, I remember when her eyes used to be so blue and  
shiny  
God, You oughtta see what's happened to her hiney  
Her what? Her hiney  
Man that thing is big enough to land a small plane on  
Small plane? I'm tellin' you

I used to roll her in the the clover  
But think God those days are over, Hallelujah!

It's hard to kiss the lips at night that chew your ass out

all day long  
All day long, she knows on and on

If some day they drop the big one  
I'd say sweet Jesus, she's gonna finally leave me alone  
It's alright if we say it  
'Cause the radio won't play it

It's hard to kiss the lips at night that chew your ass out  
all day long  
It's hard to kiss the lips at night that chew your ass out  
all day long
