You used to be gone bad funny
And you married into all that money
I don't have to tell me
Man, there's nothing that just seem the same
You tell me that the shoes don't fit
You tell me that the blues won't quit
I love you like a brother
But you only have yourself to blame

Let it roll, let it ride
Come on over to the other side
Let it ride, let it roll
Loosen up, before you're too damn old
You gotta let it roll, now let it roll

You've been in a funk forever
And you gotta get yourself together
Wake up in the morning
If I know where to leave it all behind
Don't tell me that it ain't no use
That's just another lame excuse
You headed for the bottom that's becoming for a long
long time

Let it roll, let it ride
Come on over to the other side
Let it ride, let it roll
Loosen up, before you're too damn old
You gotta let it roll

You used to dance hauling both of your socks
With every number on the old jukebox
Now everybody around has been wondering
What's the matter with you

Let it roll, let it ride
Come on over to the other side
Let it ride, let it roll
Loosen up, before you're too damn old
Let it roll, let it ride
Bet it on to let the whole band slide

Let it rock, let it roll
Loosen up, before you're too damn old
You gotta let it roll
Oh let it roll baby
Let it ride
Oh let the whole band slide
You gotta let it roll
Let it ride
Let it roll, let it ride
Let it roll
Let it roll
Oh, oh baby
