Wait a minute, hey just a minute
I just need a little time
I can't get myself together, give me half the chance
Baby to collect my mind

Wait a minute, hey just a minute
I need a little room to breathe
Slow down, slow down, we can turn it around
Baby you don't have to leave

I just wanna call a time out, baby
Things are moving way too fast
I've been having trouble keeping up with you
I don't think I'm gonna last

I love you like there's no tomorrow
But I gotta make it through today
So have a little patience with the shape I'm in
You don't have to throw it all away

Wait a minute, hey just a minute
I just need a little time
I can't get myself together, give me half the chance
Baby to collect my mind

Wait a minute, hey just a minute
I need a little room to breathe
Slow down, slow down, we can turn it around
Baby you don't have to leave

And everything about this love we share
There's something that I can't explain
And every time I think I'll get somewhere
The road comes out from under and I'm going down
the drain

Wait a minute, hey just a minute
I just need a little time
I can't get myself together, give me half the chance
Baby to collect my mind

Wait a minute, hey just a minute

I need a little room to breathe
Slow down, slow down, we can turn it around
Baby you don't have to leave

Slow down, slow down, we can turn it around
Baby you don't have to leave
