You never see my way
Pissing on my flame
I'll be the one left standing

With everything I do
It never pleases you
But I'll be the last one laughing

Listen
You're always missing
Blind to my vision
No

I just won't let it go
Just can't let it go
Just won't let it go

No matter what it's in my blood

I just won't let it go
Just can't let it go
Just won't let it go

It won't die this dream's alive
And I won't let it go

I thought I'd try your way
But I went down in flames
I should've seen it coming

Life is more than siting back
Oh I'm on the attack
And now I'm off and running

Listen I'm on a mission
Done with ass kissing
No

I just won't let it go
Just can't let it go
Just won't let it go
No matter what it's in my blood

I just won't let it go
Just can't let it go
Just won't let it go
It won't die
This dream's alive
And I won't let it go

It's in my blood and I won't give up 'cause it's running
through my veins
It's in my blood 'cause it's all I want and I won't go down
in flames

It's in my blood and I won't give up 'cause it's running
through my veins
It's in my blood 'cause it's all I want and I won't go down
in flames

It's in my blood and I won't give up 'cause it's running
through my veins
It's in my blood 'cause it's all I want and I won't go down
in flames

I just won't let it go
Just can't let it go
Just won't let it go

No matter what it's in my blood

I just won't let it go
Just can't let it go
Just won't let it go

It won't die this dream's alive
It won't die this dream's alive
And I won't let it go, let it go
