#### Verse-

Cage it up, let it free This is you, this is me When it ends, we begin Say a prayer, as we sin

Follow rules or rebel Keep secrets, Live to tell Words are false, but it's true Where's the line me and you

Make it right, can't you see Let's unite, victory Make it right instantly, Let's unite, victory

#### Chorus-

This is life, this is death This is right, this is breath This is true, how I feel This is raw, this is real

# Verse 2-

This is back, this is front This is black, this is white This is bad, this is want These are tears I won't cry

This is in, this is out This is up, this is down Make it right, give it more Let's unite, with this chord

### Chorus-

This is life, this is death This is right, this is breath This is true, how I feel This is raw, this is real

# Bridge-

Don't take what you need

Leave me here just to bleed I can break just like you I can cut, I can bruise This is raw This is real

Pre-Chorus
Make it right, can't you see
Let's unite, victory
Make it right instantly,
Let's unite, victory

ChorusThis is life, this is death
This is right, this is breath
This is true, how I feel
This is raw, this is real
