Verse 1

JM: Hi Hello, Its great to meetcha. I'm starving
Let's GO get some pizza. I hate close talking.
IN-ear yelling, volume swell with beer swilling
Well drinks and well-wishing, all this beer-spilling and
bellringing.

We Built up a legend travel Bedouin style.
The people did us wrong, they regretting it now.
And everybody helping out cause we're community
bound
And the Chichis working out is like everybody's
winning.

We'll always be humble, its a gift we've been
given.
Take everything in stride, Take a room and uplift it.
We Give. You give. You love. We love to give back.
We are. You are. The reason: Love is Back!

Chorus

I was you in the front row just dreaming
Getting lost in the music letting all my troubles leave
me
It's true. If you're still dreaming right
now...I'm you.
We all one together underneath this roof!
Burn it, burn it down, burn it, burn it down,
Burnin' burnin' burning down the walls around
you.
Glad to know ya, Glad to know ya (4x)

Verse 2

Sleep: Hey... hey hey everybody! Let me say thanks..
thanks for picking me up so high!
I chased and chased but not for nothing
I've stumbled a couple times but still I'll make
the finish line.
I promise I'll get it I'll never forget that I
couldn't of done it without you.
I live it, I rep it, I feel it in my bones.
Been turning over stones, looking for a place to bury

my poem...
before it buries my soul.
Wait a minute, on a bit of an amazing journey.
Whenever the finish going to get it independent with a
couple of friends we win!
Iâ€™ve never had anything and still I have everything
and Iâ€™ll never let down the people who believe or
depend on me NO!

Verse 3

Sleep: Man, I gotta really good idea here. Why
donâ€™t we get a van
And lose everything we have touring for eleven years?
JM: Yeah, that sounds fresh. Iâ€™ll get a credit card
and hold the debt,
then weâ€™ll never be on time for sound check.
Sleep: Bet! Weâ€™re really good at this planning stuff.
I'll plan for America
JM: Iâ€™ll plan Canada
Sleep: What time should i call?
JM: Well, I usually wake up around noon...
Sleep: Me too
JM: Weâ€™re the early bird crew.
Sleep: I donâ€™t think anything can stop us with this
kind of determination!
JM: Plus we got patients like a hundred nurses waiting.
No Immigration Problems, iâ€™m a dualie
Sleep: One of these Days.
JM: Our lives will be.
Sleep: Like the Movies.
