Verse 1 -Sleep

I'm walking on eggshells dis-concerned with
details
hate my nextel sick of these emails
It's hard getting stepped on they don't tread
lightly
but I'm hoover dam strong they ain't nothing
like me
I ain't ever gonna crack when I'm gone remember
that
let it go get it back if you even want it when it's in
the past
birth of a new man, Salvador Dali bad,
running laps around these cats who laugh cuz I'm
still loving rap.

Chorus

I'm walking on eggshells (I'm walking on shells)
I admit my mistakes now (I can admit that I'm
wrong)
as long as it takes I'm out here in space (on the way
down)

Verse 2 - Josh Martinez

I am into media, message in the medium
the riddle is what is in the middle of all this tedium.
I want to play stadiums i wanna say i made it
I wanna see sleepy get some trophies and cradle em
i wanna have haters, but people seem to have love us
not enough yall heard of us, so we stay bubbling
i was in the backroom getting into action.
We was getting mashed up when the plans were
getting hatched up...

Verse 3 - Sleep

Let me ask you if you don't love it why you do it?
Really your vanity is no illusion, who the fuck asked for
your contribution?
I stopped trying to prove it and mastered my tools
and no master mind movement I passed the time
doing
exactly what I wanted to Sleep Montague

get yolked joking I spit cold like space particles
I found my probable time line to follow my tries blind
I'm a diamond in rough form trying to shine.

Verse 4 - Josh Martinez

When I am haunted When am I nothing
When I am hopeful I think of you
It was awful Ive become docile
now Im just a fossil Of a dinosaur
I was broken. I still ain't right
If you can't fix it you can't hate right?
i was on the late night out until the daylight out
and the way i was riding i was way out of line
