Verse 1 - Sleep

Do you mind if I sing you a song?
And if you like it you can sing along
I made it for you and i don't even know your name

I wouldn't want you to walk away
without hearing what i got to say
please give me one conversation

I just want to take you a-way
I know the perfect place...
where constellations paint your face

I'm just asking for the chance
to make it more just a glance
Don't pass me by, when i just wanna say hi

Chorus

Hi Hey Hello. I don't want this to come off
so i'll go slow I just want to say hello
And hear your voice. And watch you talk
And smell the breeze as you come across. Hi Hey Hello.

Verse 2 - Josh Martinez

Hello, how do you do
I can see your guards up
AND usually mine would be too...

But its a beautiful day
and if you walk away
and if i catch you smiling
I can bring you back from the dead like me.

I'd drop everything
just to kick it with you...
and if it rains,
I can be your umbrella-ella-eh!

What's left to say?
where do we go from here?
when of course you know,
YOU HAD ME AT HELLO!

Chorus
Hi Hey Hello

Bridge
Hello hello
it just might change YOUR day to say Hello.

Hello hello, hello
It just might change MY day...Hi Hey Hello.
