[Intro]

Now it's over  
Now it's over  
Now it's over  
Now it's over  
It's over...

[Hook]

I keep a big bank roll  
And some designer clothes, hoe  
Last year I didn't have shit well now it's over  
Keep me some hoes - a lot of hoes here  
Last year I cuffed that bitch, well now it's over  
Now it's over, now it's over  
Last year I didn't have shit, well, now it's over  
Now it's over, now it's over  
Last year I cuffed that bitch, well now it's over

[Verse 1]

Learned how to record myself, well now it's over  
I'mma kill these beats like a fuckin' soldier  
She gon' give me top then I'mma slump her over  
And we ain't with the talk, boy, we'll slump you over  
I be ridin' Rarris, Rovers  
I got lots of guap, you know it  
And we ain't with the talk, we blowin'  
I got guap, just watch me throw it  
They say I'm handsome cause my bands up  
And I don't hold no ho for ransom  
And if we see a op, we blam him  
If he ain't wanna argue, damn him
