I got money I got power, got respect with this Tec
My n-ggas out here wailing playin Russian roulette,
Russian roulette
My n-ggas out here wailing playin Russian roulette,
Russian roulette
With n-ggas head

I got money I got power, got respect with this Tec
My n-ggas out here wailing you could duck or get wet
From... to DC what we gang bang throwing sets
About glory boys is slutty boys they say listen that
But she so... fetch our shooters, go ahead do that
It ain't nothing bitch we bucking, light it up, can do that
We turn nothing into something, get that check, run
through that
I be shitting on them bitchcoes like where my men is at
I be in my f-cking glory shining just like my watch
I be pulling up and pulling off in them ford...
I get that bitch a name if she talking pornstar
Oh we got these bitches Bobby... full of...

I got money I got power, got respect with this Tec
My n-ggas out here wailing playin Russian roulette,
Russian roulette
My n-ggas out here wailing playin Russian roulette,
Russian roulette
With n-ggas head X 2
