Chorus: I swear ima keep it real, and tell you how i feel
in my squad i trust for my squaud i bust
You be honest be fareal...thats how you feel, so when
im bout to bust going La La La
I dont care how you feel...thats how i feel, im higher
than the stars and you like blah blah blah
I swear i just wanna chill, and smoke some kill, and
watch my young boys yellin rawr rawr rawr.

Verse 1: For the squad i bust, for the squad she bust
I used to be broke well not anymore
I got racks all in my drawer, i got racks all on the floor
I think that im shit so i blow hunnas out my nose
I throw 50's on a bitch, 650 on my kicks
Couple thousands on a shirt
For my pants 500 bills, my belt 1500 bills
This shit down 300 here
You know we throw 100s here
Strip club they love us there
Words of Ben Franklin In God I Trust
And when it goes down in my squaud i trust
I swear youll never find a squad like us
A squad shine bright in the dark like us Because We
the Glory boys, we just hope you know that
We full of ignorance and we a bunch of shootas
Because We the Glory boys, we just hope you know that
We full of ignorance and we a bunch of shootas

Chorus
