if i call you today/ Will you hear my prayer  
will you say am forgiven  
tho i sinned again yesterday  
will you call me your child  
tho sometym's i've driven wild  
will you take me by hand  
and walk with me to your land

chorus  
and you tell me that  
i am forgiven  
and you'r tellin' how much you love  
asnd you never walk away  
you'r lovin everyday  
God you need me  
and you tell me just how you are my friend

if i say am sorry  
will you hold me again  
will you say am forgiven  
tho i sinned again just today  
will you still be my friend  
just like back in the past  
will you take me by hand  
and walk with me to your land

bridge  
and if i fail you again  
God dont take your love away

chorus til end
