Yea deep freeze vol 2 boy

You think it comes real easy well believe me it don't  
Although it might appear so  
Took two years to book my first show  
Waited two more to receive them paceo's so  
Tell me what you know beating the press  
What you really know bout being depressed  
I can't remember the last time I had rest  
I got stabbed in the back right through my chest  
These niggas don't know who they are playing with  
I'm way better than you just gotta face it  
Hottest in the city yeah that's hands down  
There's only one thing that I can't figure out why?

Everybody raps everyone's a rapper (2x)

I Said back then they didn't want me now I'm hot they  
all on me  
Old friends keep getting closer I'll cut they ass right out  
the photo  
On my solo dolo swag high horsing and polo tags  
Still hanging on my shirt you can see what it's worth  
Everybody wants it but not many wanna work  
Tryna beat the odds I'm grinding hard you wouldn't  
understand  
These sleepless nights are catching up on me  
I no longer see the sun in the morning

You sleeping & I'm working, I'm working while you  
sleeping (2x)

I don't trust a soul oh hell no  
Niggas can't stick to they words like velcro  
So I keep a distance mind my own business  
Now they wanna hang like ornaments on Christmas  
Alot of things pass through the grape vine  
Tryna take mine must be outta ya mind

I can't trust a nigga I only trust my fam  
I can't trust these brods I only trust my fam
