I think about you every night and day,
Even when weâ€™re apart,
Even when your away,
Itâ€™s been the same since the start,

I will love you forever,
Even though your not mine,
Even though weâ€™re not together,
You will stay on my mind,

Itâ€™s not like they say,
Itâ€™s not like a love song,
Or it wouldnâ€™t be this way,
I would be where I belong,

I would rest in your arms,
Getting stronger every day,
Safe from every harm,
And thatâ€™s where Iâ€™d stay,

I will love you forever,
Even though your not mine,
Even though weâ€™re not together,
You will stay on my mind,

Your name is written across my heart,
But hers is written on yours,
It should be enough to tear me apart,
But it just makes me want you more,

Your not a player boy,
Your much better than him,
He used my heart as a toy,
But thatâ€™s just the thing,

I will love you forever,
Even though your not mine,
Even though weâ€™re not together,
You will stay on my mind,

I cant keep my eyes off you,
Your like a magnet to me,

And you know it's true,
You're so attractive to me,

When I see that smile,
When I see those eyes,
I love your style,
You're my type of guy,

I will love you forever,
Even though you're not mine,
Even though we're not together,
You will stay on my mind,

I will love you forever,
Even though you're not mine,
Even though we're not together,
You will stay on my mind,

Even though you're not mine,
You will stay on my mind,
On my mind.
