You tried to stand in my way
Pushing me, pushing me to fail
Nothing was good enough for you
Now the tables have turned
And its your lesson learned
How does it feel to be so wrong

You were always in the back of my mind
But now your lies mean nothing to me now
I'll prove you wrong
You were always pushing me down
But now I'm here standing on my own
I'll stand here on my own and prove you wrong

You were wrong
Look at me now
Look at me now

So look at me now
Don't close your eyes and ignore me
How does it feel to be so wrong

How do you like me now

Ohhh
I'll prove you wrong

I use your lies to motivate me
You crossed the line one to many times
I use your lies to motivate me
You crossed the line one to many times

One too many

You were always in the back of my mind
But now your lies mean nothing to me now
I'll prove you wrong
You were always pushing me down
But now I'm here standing on my own
I'll stand here on my own and prove you wrong
(So look at me now, dont close your eyes and ignore me)

I'll prove you wrong
You can't ignore me
You were always pushing me down
But now I'm here standing on my own
I'll stand here on my own and prove you wrong

You were always in the back of my mind
You were always in the back of my (Mind)
You were always in the back of my mind
You were always in the back of my
You were always in the back of my mind
You were always in the back of my
