I read the message then I rang it off the hook
I didn't get you 'till 1 a.m.
Who was wrong and who was right?
And this distance caused a fight, now I'm ready to give
in

Honestly, I'd give anything to be with you right now

This town is full of dumb reminders
"Having a good time" can't you tell?
Hang up the phone and then I come back down
Miss you, I hope you're doing well

I'm used to waiting, what's a voice without a face?
I think I'm dying without you here
So I drink myself to sleep and then I hide beneath the
sheet
And I try to disappear

But I get up every single time, cause you keep me alive

This town is full of dumb reminders
How far I am from you in miles
If I could get what time has taken down
Maybe then I could see you smile

This town is full of dumb reminders
"Having a good time" can't you tell?
Hang up the phone and then I come back down
Miss you, I hope you're doing
Miss you, I hope you're doing
Miss you, I hope you're doing well.
