How many people, how many have died?
I'm feeling lucky and afraid at the same time.
How many times have you sat home and wondered
why?
We always hear about the U.S.A. but not the other side.

In fields of agony everybody dies.

How many humans, how many does it take?
We get a cedar box they get a body rake, yeah.
How many lives will it take before we can end this war?
Bring Johnny home soon, he forgot what it was that
they were fighting for.

In fields of agony.

There are known knowns,
There are things we know we know.
We also know there are known unknowns,
That is to say we know there are some things we do not
know.
There are also unknown unknowns,
The ones we don't know we don't know.

I don't want to die or be sent home on a cargo plane,
A tag on my toe without my name because I'm one of a
million.
A million, whoa.
How many weapons, how many do we need?
What about the economy, what about the economy?
You'll be the hero at the end of your catastrophe.
It can't be stopped with unity with collaboration of
you and me, and human decency,
In fields of agony.

The evidence indicates that Iraq is reconstituting its
Nuclear Weapons Program.
We cannot wait for the final proof, the smoking gun.
It could come in the form of a mushroom cloud.
